1.5. Conformance Levels

The key words below are usually capitalized in the document to make the requirement clear.

Key Word	Description
MAY	A key word that indicates flexibility of choice with no implied preference.
NOT	A key word that used to describe that the requirement is the inverse of the behavior specified (i.e. SHALL NOT, MAY NOT, etc)
SHALL	A key word indicating a mandatory requirement. Designers are required to implement all such mandatory requirements.
SHOULD	A key word indicating flexibility of choice with a strongly preferred alternative. Equivalent to the phrase is recommended.

1.6. References

The following standards and specifications contain provisions, which through reference in this document constitute provisions of this specification. All the standards and specifications listed are normative references. At the time of publication, the editions indicated were valid. All standards and specifications are subject to revision, and parties to agreements based on this specification are encouraged to investigate the possibility of applying the most recent editions of the standards and specifications indicated below.
